MH-SERIES

PRO HOTEL LCD TV

MEDIALINE

2200MH PRO HOTEL TV

22-inch/56cm diagonal

with DVBT MPEG2/4
with PRO HOTELMODE

OPTIONAL :

1. PC module Intel® ATOM

With years of experience in hospitality TV now MEDIALINE offers it's newest breed of HOTEL LCD TV.

The MEDIALINE MH-series of PRO HOTEL LCD TV are the result of carefull listening to the needs of both the hotelier and the installer/system integrator. **No further setup box needed anymore !**

Available in various sizes 15.6 / 19 / 22 / 24 / 26 / 32 / 42 / 55-inch as basic PRO HOTEL LCD TV and at your choice an optional PC-module for IPTV or just internet.

The MEDIALINE MH-series PRO HOTEL TV feature PAL Analog + Digital terrestrial DVBT HD MPEG4 TV tuner. (**from Q3-2010 onwards also available with additional DVB-C digital cable TV tuner**)

There's a sophisticated OSD PRO HOTELMODE present to lock channels and settings as well as choosing personal hotel settings such as startup channel, startup soundlevel, max. soundlevel etc. For easy and fast installation an USB cloning function is available to copy settings of the initial master TV to other identical TVs. This reduces the cost and time of installation of large number of TV significantly. **Maximum user convenience and lowest cost of ownership.**
